

CERTIFICATE OF QUALITY (35.062025)

Concentrate sunflower protein

Name of indicators	Result
Product grade / Сорт продукту:	Non-granulated
Product description / Найменування продукту:	Concentrate sunflower protein
Intended purpose/application :	For fodder purposes by direct introduction into the diet of animals, as well as for the production of feed products
Produced according to the terms of	TY.Y 10.9-40832205-001:2019
PHYSICAL HARACTERISTICS	
Appearance	Homogeneous free-flowing mass
Color, at 20°C	Light Grey, creamy, brown
Odor	Weak specific with no foreign odor of mustiness, mold, burnt etc.
Impurities and foreign matter	
Glass. Stones	not detected
Metal particles, %, no more than: particles` size up to 2 mm	0,01
Metal particles, %, no more than: particles` size more than 2 mm	not detected
CHEMICAL CHARACTERISTICS	
Moisture and volatiles content, % by weight (not more than)	8,7
Total fat and extractive substances at BDH, % by weight	1,4
Residual solvents, % by weight	0,07
NUTRITIONAL CHARACTERISTICS	
Raw protein as is, no less %/	44,3
Raw protein at BDH, no less %	48,5
Raw cellulose at BDH on dry basis, % no more than	10,3
SAFETY INDICATORS / MICROBIOLOGICAL CHARACTERISTICS -COMPLY WITH STANDARDS ISO 22000:2019 assured	
GMO -	not detected
Storage life	12 (twelve) months from manufacture date
